## Letter of recommendation Community Service/Men on a Mission

To Whom it May Concern,

I would like to express my deep appreciation for the Sunshine Rescue Mission Disciples, or Men on a Mission. They are absolutely amazing! They have come to our garage sales we do for missions and our annual Craft Sale for Missions at Flagstaff Christian Fellowship. They have the most wonderful attitude! They work hard, and they work with joy. I can't tell you how much this has helped us.

This is especially important as most of the time it is the women who are working the sale and to have some muscle power is so great. Also, they go above and beyond what we ask. Last year after the craft sale when we were all dead tired they put back the chairs in the sanctuary, then vacuumed for us.

In March of this year I had to do a large amount of reorganization in my own home as I was going to be renting out a room. So a lot of furniture had to be moved. A crew came from the mission, worked just like they do at church, with such joy and such wonderful attitudes. They were completely done in less than 1/2 hour.

This has been such a huge blessing for us at Flagstaff Christian Fellowship and for me personally! I feel like I can take on any activity or project knowing we have these great guys who will come and help.

Thank you! In Christ, Julie McDonald
